

WHOLE SCHOOLING

*Changing the World
One School at a Time!*

May 12 -13, 2006

CALL FOR PRESENTATIONS

HOW TO PROPOSE A PRESENTATION

Please submit the following to wholeschooling@twmi.rri.com with the subject titled WS Conference Presentation:

1. Presentation title.
2. Identify the Principles of Whole Schooling addressed.
3. Brief description for program (40 words or less)
4. Detailed description of proposal content and process of engaging participants (500 words or less)
5. Names and contact information for presenters including phone and email.
6. Audio- visual needs.

We invite teachers, parents, administrators, researchers, community members and students to propose presentations that will address the key theme of this conference. We are looking for a range of voices - teachers who share strategies that work, thinkers who look beneath the surface of what we do to explore deeper meanings, activists with new visions of stimulating citizenship, community, and social justice. We hope for presentations that inspire, engage, share practical tools, reflect on experiences. Be creative, involve the audience, help us learn while having fun!

The conference will be organized around the SIX PRINCIPLES OF WHOLE SCHOOLING (See www.wholeschooling.net for more information):

1. Empowering citizens for democracy.
2. Including ALL in learning together.
3. Providing authentic, multi-level instruction.
4. Building community.
5. Supporting learning.
6. Partnering with parents and the community.
